

A MEN'S MINISTRY THAT STARTS AT AGE FIVE.

The church inherits the men it forms.

Men's ministry frequently begins once men are already shaped by years of cultural formation. But scripture calls the church to raise up faithful men who will, in turn, teach others also.

That process does not begin in adulthood.

It begins in boyhood.

Under authority. Within covenant community.
Through entrusted responsibility.

If the church does not call boys up early, it will spend years attempting repair later.

Nearly **20%** of Trail Life leaders and families join the chartering church after joining the Troop.

Trail Life USA provides churches with a clear pathway from boyhood to manhood.

Within the structure of the local church, boys are:

- Given responsibility appropriate to their age.
- Mentored by committed, vetted men.
- Challenged to grow in character and leadership.
- Recognized for milestones of growth.

This is not a parachurch diversion. It is a discipleship tool.

Adventure is the setting.

Biblical formation is the goal.

A men's ministry that begins at age five—and strengthens the church for generations.

WE HAVE A GIFT FOR YOU.

Complete the Pastor Survey and receive a Trail Life USA hat as our thanks. At the conference? Stop by our booth and see how Trail Life equips churches to disciple boys into godly men through outdoor adventure.
